

Bulletin #83

1 February 2016

The campaign is building and the government is sounding more and more desperate. Across New Zealand members of the public are waking up to the dangers of the TPPA. The Don't Sign speakers tour and campaign actions have mobilised and informed supporters. Now, with a few days before signing, we need to ramp up the pressure.

Events coming up soon

Up to date information is on www.itsourfuture.org.nz. Please let me know if there are any events to add. itsourfuturenz@gmail.com.

Auckland

3 February: We welcome visitors from outside Auckland and will hold a meeting on Wednesday evening. Meeting place to be advised. Please let us know if you are involved in organising TPPA actions in your community and you are coming to Auckland at itsourfuturenz@gmail.com.

3 February: There will be an *Unwelcome to Auckland* protest at Auckland airport for the Trade Ministers and their entourages arriving in Auckland, with banners, chants and a message that we don't want them to sign the TPPA.

4 February at 12pm: Assemble at Aotea Square (Queen St side). Join the [TPPA Don't Sign march](#) down Queen St. We invite the people of Aotearoa to join us in protest against the TPPA. This will be a **family friendly event!** Children and elderly will be present on the day and their safety is paramount. This will be BIG. Now is the time to unite and take a STAND!

4 February: The Trade Ministers will meet at Sky City (although they might not sign the TPPA there). There will be civil disobedience happening around Sky City. We request that any group who does so

respects the principles of non-violence and does not damage the property of citizens. We have huge support from the public for the campaign and the media will be looking for photos and stories to discredit our movement.

Hikoi

The hikoi will assemble at Te Rerenga Wairua on February 1, travel through Kaitaia, Moerewa and Whangarei and will head for Auckland to protest the signing of the TPPA at Sky City on February 4 and participate in the march down Queen St at 12 midday. The hikoi will then return to Northland for the traditional welcome on to Te Tii Marae on February 5 and the march on to the Treaty Grounds on Waitangi Day. More details at [Hikoi](#).

Waitangi

There will be actions against the TPPA in Waitangi and it is clear that the government [is not welcome](#) at Waitangi if they sign. There will be protests against the TPPA. Local Action

Take action in your community. Declare your community or workplace a [TPPA Free Zone](#).

Actions after signing

They will probably succeed in signing the TPPA, but the campaign will continue.

They still need to ratify and that is looking very shaky in the US and in Canada. It is likely to be several years before ratification (if ever). This means it will be a crucial issue in the next general election (especially if we make it an issue).

There will be Waitangi Tribunal hearings in March. Legal experts have mounted [a strong case](#) exposing the weakness of the so-called 'exception' for the Treaty in the TPPA.

We will be targeting opposition political parties to strengthen their commitments to reject the TPPA, building a strong campaign around Parliamentary process (including Select Committee hearings), winning the arguments through research and fact sheets, doing a speakers tour around New Zealand and raising the stakes on TPPA for the election. The campaigning ramps up from now on!

TPPA Free Zone

Congratulations to Waiheke for becoming a TPPA Free Zone (thanks Local Board rep Shirin Brown and others), along with the Octagon, Auckland Town Hall, venues across New Zealand, homes, workplaces etc. Take action and declare your community or personal space a TPPA Free Zone. See links at [Facebook](#) and [Website](#) for downloadable materials and ideas for action.

Campaign Round up

There's no space for a full round up of the great campaigns undertaken over the past week, but here are a few highlights.

Lori Wallach and Jane Kelsey: Don't sign speaking tour 26-29 January

Thanks to everyone who helped organise events for the Don't Sign speaker tour. Auckland Town Hall had an audience of around 900, then Wellington, Christchurch and Dunedin were packed out. It has helped to lick the campaign up a level. Thanks especially to Lori Wallach for making it over to New

Zealand at an incredibly busy time in US political lobbying, and huge thanks to Jane Kelsey who made it happen.

Sign the petition(s)

The Don't Sign petition is close to 50,000. The petition will be kept open during ratification so sign now and we will push it up to 100,000. <http://www.actionstation.org.nz/dontsign>

After declaring itself to be opposed to the TPPA (eventually backed by all MPs except for Phil Goff), Labour launched a petition against the TPPA with a target of 50,000. It has been reached in a week! They must have been surprised. http://go.labour.org.nz/tppa?recruiter_id=248379
